### Leopard

Those black spots on the leopard, called rosettes (rose-ETS), help make these big cats virtually vanish as they stalk prey. Their yellow coat can also be brighter or duller depending on where they live—from deserts to tropical forests. Little animals beware!

## Plans for the New Year--

As we begin a new year, many of us will take time to reflect on the past and to make plans for the future. Today, I would like to encourage and challenge you to make sure God has a place in all of your future plans.

*Commit to the Lord whatever you do,  
and your plans will succeed.*

-Proverbs 16:3

People often struggle over what they should do or where they should go. They wish God would speak to them so they could make the right decisions. God can open and shut doors to help guide and direct us, but he doesn't always choose to do so. More often than not, God wants us to make a decision and then step out on faith. As long as God has a part in our plans, they stand a very good chance of succeeding.

May God Grant You a Happy,  
Healthy and Prosperous New Year  
as you  
Commit to the Lord Whatever You Do.
