Fun Hampster Facts

- There are 25 species of hamster.
- Hamsters have thick silky fur, short tails, small ears, short legs, wide feet and large eyes.
- Hamsters usually live in burrows underground during the day, they are crepuscular which means they come out at twilight to feed.
- Wild hamsters feed mainly on seeds, fruits, vegetables and sometimes insects
- Hamsters are very good diggers, they will create burrows in the soil that can be over half a meter deep, containing various rooms for different purposes.
- Hamsters have large cheek in which they carry food back to their burrows. Full pouches can make their heads double or triple in size.
- Hamsters do not have good eyesight, they are nearsighted and also colour-blind.
- The hamster relies on scent to find their way. They have scent glands which they rub on objects along a path.
- Depending on the species hamsters can be black, grey, honey, white, brown, yellow, red, or a combination of these colors.
- Hamsters are great as pets because they are easy to breed in captivity, easy to care for and interact well with people. They are also used as laboratory animals.
- The Syrian hamster is the most popular and well known breed kept as pets. All Syrian hamsters as pets are believed to have descended from one pair in 1930.
- Syrian hamsters live 2 - 3 years in captivity, and less in the wild. Other popular pet types such as Russian dwarf hamsters live about 2- 4 years in captivity.

• Hamsters range in size from the largest breed, the European hamster at 13.4 in (34 cm) long, to the smallest, the dwarf hamster at 2 - 4 in (5.5 - 10.5 cm) long.

Happy Birthday! Apr. 22, Heavenly King 1997

The U in JesUs

Before U were thought of or time had begun,
God had stuck U in the name of His Son.
And each time U pray, you'll see it's true,
You can't spell out JesUs and not include U.
You're a pretty big part of His wonderful name,
For U, he was born; that's why He came.
And His great love for U is the reason that he died,
It even takes U to spell crUcified.
Isn't it thrilling and splendidly grand,
He rose from the dead with U in His plan.
The stones split away, the gold trUmPet blew,
and this word ressurection is spelled with a U.
When Jesus left the earth at His upward ascension,
He felt there was one thing He just had to mention.
"Go into the world and tell them it's true,
That I love them all-Just like I love U.
So many great people are spelled with a U,
Don't they have the right to know JesUs too?
It all depends now on what U will do,
He'd like them to know, but it all starts with U.
Will U pass it on? JesUs Loves U!!!
