Fun Toucan Facts

- Toucans live in tropical and sub-tropical jungle regions, they are native to southern Mexico in Central America, the northern areas of South America, and the Caribbean region.
- Toucans are renown for their large colorful bills. At 8 inches (20 cm) they have the longest bill of any bird in the world in relation to their body size 25 in (63.5 cm).
- Despite its size, the toucan's bill is very light as it is made of keratin (like human hair) in a honeycomb-like structure. It is believed to be this large in order to keep the bird cool in the hot climates it lives in.
- This does mean the toucan's bill is not very strong, so it can't be used for digging or fighting like other bird beaks.
- Toucan's have long narrow tongues up to 15 cm (6 in) long.
- The relatively small wings of the toucan means they are not very good at flying and cannot stay airborne for long. This is fine by them though, they often don't move far, and usually hop between branches using curved toes and sharp claws.
- Toucans mainly eat fruit, but sometimes prey on insects and small lizards.
- Toucans live together in small-sized flocks, they make nests in tree hollows

or holes that have often be created by their distant cousin the woodpecker.

•The Toco toucan is the most widely recognized species of toucan, it has a large black-tipped orangey-yellow bill and a black bodied plumage with a white throat.

•Toucans are one of the nosier jungle birds. They live for up to 20 years, and their predators include Jaguars and other big cats.

Announcements:

- ✓ This Evening: Free Evening
- ✓ Wednesday Evening: Reorganization 7:00 P.M
- ✓ Out of State Correspondence: Rhoda Grace Kauffman

~BIRTHDAYS AND ANNIVERSARIES~

Happy Anniversary! Today! June 23, Ervin & Louise 1962

The Cross

A young man was at the end of his rope. Seeing no way out, he dropped to his knees in prayer. "Lord, I can't go on," he said, "I have too heavy of a cross to bear." The Lord replied, "My son, if you can't bear its weight, just place your cross inside this room. Then, open that other door and pick out any cross you wish."

The man was filled with relief and said, "Thank you, Lord," and he did as he was told. Upon entering the other door, he saw many crosses, some so large the tops were not visible. Then, he spotted a tiny cross leaning against a far wall. "I'd like that one, Lord," he whispered.

And the Lord replied, "My son, that is the cross you just brought in." When life's problems seem overwhelming, it helps to look around and see what other people are coping with. You may consider yourself far more blessed than you imagined.

Mission & Vision Statement Of: Calvary Christian Fellowship

Mission: To realize our need of Christ.

To help one another on life's journey.

Vision: To surrender to Christ our Head, to walk in the Spirit, to love as Jesus loves.

To be a place where it's safe to share failures, struggles, hopes, and dreams.

To encourage, and empower one another to find God's purpose as we walk with Christ on our journey to Heaven.

To help the hurting find healing, and the lost experience salvation, in Christ.

To assist in physical needs among, and around us.
