Are You Ready for the Showdown? Man-Made Circuits or God's Creation?

June 24, 2013, Round 1: Memory

Technology comes out swinging. The amount smartphones can store grows every year. You can cram thousands of songs, games, apps, videos, podcasts, and pictures on them. Some computer hard drives can store multiple "terabytes" of information. Just one terabyte can hold about 12.5 days worth of videos! That's pretty impressive.

But your brain isn't backing down. Sure, you probably forget where you put your homework sometimes. But your brain stores far more than any computer. Think about it. You remember names, birthdays, your favorite ice cream shop, conversations with friends, music, scenes from TV shows, jokes, embarrassing moments, the smell of cookies, and even what happened in 1776.

Scientists aren't even sure how much your brain can store, but it's a lot more than a few terabytes. It's mindboggling! And unlike unthinking technology that stores everything it's told, including useless details, your gray blob remembers only what you need. Winner: Brain <http://goo.gl/3ESlv>

Check back next week for Round 2 of Man Made Circuits or God's Creation.

Sabbath Day Devotion, June 29, 2013

Time – Ben Franklin once said, "Time is money." That's a good quote. However, I have come to the realization that time is more valuable than money to many of us.

Very few things in life are as valuable as time. It should not be wasted. If lost, it will never be found. We never seem to have enough time, but most of us would have to admit that in reality we fail to make the best use of the time we do have.

This does not mean that we must use our time for nothing but "work" or "important" tasks. It does not mean that we have to always be accomplishing "great" things. In fact, just the opposite may be true for some of us.

Time spent with family and friends is important. Time for rest and relaxation is needed by all of us. Time to just sit and think is valuable. Time spent reading the Bible and talking to God is extremely important.

Be very careful how you live – not as unwise but as wise, making the most of every opportunity... Ephesians 5: 15-16

We all have the same 24 hours in every day. My day isn't any longer or any shorter than your day. Let's thank God for the time we do have and try to make the best use of it.

May God Bless You and Yours
