Are You Ready for the Showdown?

-Man-Made Circuits or God's Creation?

-Round 2: Sight

The brain starts strong in this round. Here's how you can tell. Look at this page, and then look all around the room—fast. Did your brain slow down because of all the sights?

No. In fact, your brain does some heavy lifting here. Light bounces off whatever you're looking at and then streams into your eyes. From there, your brain takes the light and figures out what's in front of you. Instantly.

The camera on your phone, with all its megapixels, can take some impressive pictures and videos. They're clear and colorful. But your eyes work on a much higher level than our best cameras. And the video doesn't skip and jitter when a runner dashes past. You could say that your vision is over 500 megapixels. (That's only a rough estimate because of how amazing our vision is.)

So your brain crunches much, much higher quality video than any computer—and still does it without a slowdown.

Winner: Brain

- ✓ Ervin is at the Plumley Rehabilitation behind the hospital in Room 78. Visitors are welcome!

~BIRTHDAYS AND ANNIVERSARIES ~

July 10, Happy Birthday! Gloria Martin, 2003

How Trusting God Can Transform Your Life

For a long time, there was so much turmoil in my life. It really saddens me to think about all the years I wasted living this way. I was a Christian and went to church, but I spent a lot of time being upset about things I couldn't do anything about, experienced feelings of guilt and condemnation much of the time, had no peace and just didn't enjoy life. Thankfully, I've had a radical transformation. I've developed the habit of trusting God, and now life is really worth living.

What It Means to Trust God

Trusting God is simply believing that He loves you, He's good, He has the power to help you, He wants to help you, and He will help you. Christians are called believers, but many times, we are more like unbelieving believers. We trust our friends, the bank, the stock market or the government more than we trust God and His Word.

In John 15:5, Jesus says that apart from Him, we can do nothing. We need to lean on Him for help with everything in our lives. Sadly, a lot of people go to church, hear what they should do and then go home and try to do it on their own. They usually end up desperately telling God how hard they're trying to do what they need to do, and they're leaving Him out!

God wants us to put Him first in our lives. He wants us to put our confidence and trust in Him, all the time, in everything.
