

Calvary Christian Fellowship Mennonite Church

March 9, 2014

✚✚✚ Welcome to our Worship Service! ✚✚✚

Devotional:----- Elmer Yoder
Message:----- Henry Nissley
Offering:----- Alms
SS Lesson:----- Proverbs 16:1-16

Adult and Youth Verse: Commit thy works unto the Lord, and thy thoughts shall be established. Prov. 16:3

Intermediate Verse: But that no man is justified by the law in the sight of God, it is evident: for, The just shall live by faith. Gal. 3:11

Junior Verse: "What manner of man is this, that even the wind and the sea obey him?" Mk. 4:41

Primary Verse: O give thanks unto the

Lord, for he is good: for his mercy endureth for ever. Ps. 107:1

Preschool Verse: " O give thanks unto the Lord for he is good" Ps. 107:1

SS Lesson for next week: Proverbs 16:17-33

Adult and Youth Verse for next week: He that is slow to anger is better than the mighty; and he that ruleth his spirit than he that taketh a city. Prov. 16:32

Today's Host: Michael & Virginia Yoder

Next Sunday Host: Henry & Fannie Nissley

Experiment: The Secrets of Water

"A watched pot never boils." Perhaps you've blurted out that phrase before in frustration. Boiling water seems to take forever, especially when you're in a hurry to make something simple, such as a cup of hot tea or cocoa.

Why does it take so long? It turns out that water's slowness to boil is one of its most amazing qualities. This special design points to the handiwork of the Creator, who knew exactly what it would take to sustain life on earth.

Most of us have heard lists of water's many other astounding properties. It is the only known compound whose solid form (ice) floats above the liquid form, enabling fish and other life in rivers and lakes to survive the long winter without freezing solid. It is also the earth's "universal dissolver," moving and recycling vital chemicals and nutrients, carrying them to the plants and animals that need them. Water even dissolves oxygen from the air and brings it to the creatures in the sea.

Those benefits are obvious. But what could water's slowness to boil possibly have to do with keeping us alive?

—Excerpt from Experiment: Water's Life-Saving Secret, Answers magazine, Vol. 8, No. 1
Water has some amazing properties! Read the remainder of Experiment: Water's Life-Saving Secret and perform a fun experiment at the end of the article. You will learn how water helps preserve life on earth! This experiment requires adult supervision. Make sure you ask an adult for help, and don't forget to wear safety glasses. -Kids Answers,

Announcements:

- ✓ This Evening: Free Evening
- ✓ Youth will be singing at Morningside this afternoon at 2:00.
- ✓ Wednesday Evening: Prayer Meeting 7:30 PM.
- ✓ School devotions this week by: Michael Yoder
- ✓ Teacher's Appreciation this week by Henry Nissleys
- ✓ School resumes tomorrow with April Yoder planning to substitute for Hannah. Preschool is planned for Wed., Thurs. & Fri.
- ✓ School craft sale is planned for Friday evening Supper food line will open at 5:30. Invite friends and neighbors.
- ✓ Faith Mission Home is scheduled to give a program in 2 weeks (Mar. 23) Plans are for them to come to the schoolhouse at 6PM for supper, then setup in the church house afterward. Hosts can pick up their guests at church. Let Everett's know how many beds you have available to arrange for lodging.

~BIRTHDAYS AND ANNIVERSARIES~

March, 11, Happy Birthday! Edith Nissley, 1974

Sermons From the Chicken Coop

Whenever I cleaned out our chicken coop, I would get filthy shoes. So I put plastic bags (tied with rubber bands) over my shoes. That helped, but it was still messy.

Then I had an idea. I cleaned a small pathway inside the coop with a shovel, and stood in that area when I cleaned. It worked. I didn't get any dirt on my shoes.

And that's the key when it comes to walking through this filthy world. Make sure you walk in the fear of God. That will make sure the path you take is clean, and you will be able to say with David, "He leads me in the paths of righteousness for his name's sake" (Psalm 23:3). [Ray Comfort](#)
