August 24, 2014

✚✚✚ Welcome to our Worship Service! ✚✚✚

Devotional:----- Jason Yoder
Message:----- Norman Yoder
Offering:----- School
SS Lesson:----- Galatians 2

Adult and Youth Verse: I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me: and the life which I now live in the flesh I live by the faith of the Son of God, who loved me, and gave himself for me. Gal. 2:20

Intermediate Verse: I have seen all the works that are done under the sun; and, behold, all is vanity and vexation of spirit. Ecc. 1:14

Junior Verse: Blessed are the peacemakers: for they shall be called the children of God. Matt. 5:9

Primary Verse: In every thing give thanks: for this is the will of God in Christ Jesus concerning you. 1 Thess. 5:18

Preschool Verse: "In everything give thanks" 1 Thess. 5:18

SS Lesson for next week: Galatians 3: 1-14

Adult and Youth Verse for next week: But that no man is justified by the law in the sight of God, it is evident: for, The just shall live by faith. Gal. 3:11

Today's Host: Elmer & Pauline Yoder

Next Sunday Host: Michael & Virginia Yoder

Diamondback Terrapin

The adult diamondback terrapin nests on sandy borders of coastal salt marshes or in dunes from June to July. Its maximum egg-laying activity occurs at high tide and ensures that the eggs will be laid above the high water level. The female digs holes 4 to 8 in (10–20 cm) deep, depositing between 4 and 15 pinkish white eggs. The eggs hatch in 9 to 15 weeks. Occasionally after hatching, the young may remain in the nest for the first winter, emerging in April and May to head for ocean waters. This nesting instinct was given to this creature by its Creator.

The diamondback terrapin's shell is ornately patterned, usually in shades of black, brown, or gray, and its body is gray, brown, yellow, or white with dark spots or streaks. Its skull has a bony arch, and its upper lip is white.

The diamondback terrapin gets its name from the diamond-shapes on its shell.

Fun Facts: Each terrapin has a unique pattern of black spots and markings on its skin.

The excess salt that a terrapin consumes in its diet is excreted through special glands near its eyes.

Mature females can be almost twice the size of mature males.

This species spends most of its time in the water.

CLASS: Reptilia (reptiles) ORDER: Testudines (tortoises and turtles) FAMILY: Emydidae (box and pond turtles) GENUS/SPECIES: Malaclemys terrapin Size: Male 5 in (13 cm); female 7.5 in (19 cm) Diet: Crustaceans, mollusks, fish, and insects Habitat: Coastal swamps of eastern and southern United States

Announcements:

- ✓ This Evening: Free Evening
- ✓ Wednesday Evening: Prayer Meeting 7:30 PM.
- ✓ School starts Monday, dismissing at 1PM.

Healthy Appetite.

A healthy baby has a healthy appetite. If you have truly been “born” of the Spirit of God, you *will* have a healthy appetite. The Bible says, “As newborn babes, desire the sincere milk of the word, that you may grow thereby” (1 Peter 2:2). Feed yourself daily without fail. Job said, “I have esteemed the words of His mouth more than my necessary food” (Job 23:12). The more you eat, the quicker you will grow, and the less bruising you will have. Speed up the process and save yourself some pain—vow to read God’s Word every day, *without fail*. Say to yourself, “No Bible, no breakfast. No read, no feed.” Be like Job, and put your Bible *before* your belly. If you do that, God promises that you will be like a fruitful, strong, and healthy tree (Psalm 1).

Each day, find somewhere quiet and thoroughly soak your soul in the Word of God.

There may be times when you read through its pages with great enthusiasm, and other times when it seems dry and even boring. But food profits your body whether you enjoy it or not. As a child, you no doubt ate desserts with great enthusiasm. Perhaps vegetables weren’t so exciting. If you were a normal child, you probably had to be *encouraged* to eat them at first. Then, as you matured in life you were taught to discipline yourself to eat vegetables, because they benefit you physically even though they may not bring pleasure to your taste buds. Ray Comfort
