

Calvary Christian Fellowship Mennonite Church

October 19, 2014

✚✚✚ Welcome to our Worship Service! ✚✚✚

Devotional:----- Nathan Yoder
Message:----- Ervin Yoder
Offering:----- General
SS Lesson:----- Ephesians 2:1-10

Adult and Youth Verse: For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Eph. 2:8

Intermediate Verse: But ye are a chosen generation, a royal priesthood, an holy nation, a peculiar people; that ye should shew forth the praises of him who hath called you out of darkness into his marvellous light; 1 Pet. 2:9

Junior Verse: "Whatsoever thy hand findeth to do, do it with thy might" Ecc. 9:10

Primary Verse: Let your light so shine before

men, that they may see your good works, and glorify your Father which is in heaven. Matt. 5:16

Preschool Verse: "Let your light so shine before men" Matt. 5:16

SS Lesson for next week: Ephesians 2:11-22

Adult and Youth Verse for next week: But now in Christ Jesus ye who sometimes were far off are made nigh by the blood of Christ. Eph. 2:13

Today's Host: Everett & Elmina Yoder

Next Sunday Host: Everett & Elmina Yoder

What Is a Fossil? (September 5, 2006)

A fossil is an animal or plant that has been turned into rock. Dead things always rot quickly (that is why they smell). If a dead animal or plant is not buried quickly, it will rot and decay and no signs of it will be left. We see that happening all around us today. Most fossils were made quickly during Noah's Flood by sand and mud that rapidly covered plants and animals.

You can see the effects of Noah's Flood today (May 16, 2007)

When you travel on the highway, look at any rocky hillsides that were cut away for the road. You'll see lots of layers. When you see these layers, remember the Flood of Noah's day. The Flood would have stirred up many different types of mud and rocks. Eventually, the floodwaters deposited them in layers. Over time, these hardened into the many layers of rock that we see today. This didn't happen over millions of years—instead, it happened mostly during the Flood, just a few thousand years ago!

Most fossils formed during Noah's Flood, as sand and mud came and covered the animals and plants, killing them quickly and turning them into fossils.

Announcements:

- ✓ This Evening: Free Evening with Visitation encouraged.
- ✓ Tomorrow morning we plan to start remodeling church basement. (Repairing stairwells & pressure wash & installing sealer on basement walls. William Petersheim from Mckenzie and one other helper plan to start tomorrow morning at 6:30. They are Amish & we will provide transportation. Would appreciate if basement teachers would remove all classroom materials after church today. Could put them in boys classroom behind pulpit. Curtains will need to be removed & other sewing supplies etc. We may call on some of you to help depending on what needs to be done.) Any questions contact Ev
- ✓ Wednesday Evening: Wed Eve service has been canceled due to basement being remodeled.
- ✓ Youth will be singing at First Baptist Church Saturday Evening at a Fall Harvest dinner for seniors.

~BIRTHDAYS & ANNIVERSARIES

(today!) Oct. 19, Happy Birthday! Iva Yoder, 1985

(today!) Oct. 19, Makayla Bloxham, 2010

Oct. 24, Happy Birthday! Sharon Nissley, 1963

This past week one of our chickens didnt make it into the pen at night! Austins trail camera caught the guilty culprit! Notice the dark shape of a chicken in the coyotes mouth.

What lesson can be learned from this? Lets allow Christ to have complete control and ask him to protect us from the evil around us! Lets not stray from the fold! Ev
