## CHILDREN'S CORNER

Did God use the same design for humans as for monkeys?

Answer: Then God said, "Let Us make man in Our image, according to Our likeness" (Genesis 1:26). Also see: Psalm 104; 1 John 3:1; John 1:12

Have you ever gone shopping and seen a whole bunch of really neat skateboards? You might know what type they are because of how they are painted or designed. They are similar because the same company made them. Well, when you look at God's creation, you find many similarities because the same Maker created them.

God created all living things, and it makes sense that a lot of these share many similar characteristics or design. The same God, the same Designer, created both monkeys and humans and thus there are some similarities. But the differences are also important. Man is not an animal! Our Bible verse here says that man was made in God's image—a monkey wasn't.

Man is very different from a monkey. Man can think, he can appreciate and write music, and he can build airplanes and bridges. Monkeys can't do this. Humans can have a relationship with their God, and we can spend eternity with Him if we believe His Word concerning salvation. We can ask forgiveness for our sins and believe in Jesus Christ, who took the punishment for our sins. Monkeys and animals cannot do that!

**INSTALLING LOVE** Tech Support: Yes, Ma'am.... how can I help you? Customer: Well, after much consideration, I've decided to install Love. Can you guide me though the process? Tech Support: Yes. I can help you. Are you ready to proceed? Customer: Well, I'm not very technical, but I think I'm ready. What do I do first? Tech Support: The first step is to open your Heart. Have you located your Heart, ma'am? Customer: Yes, but there are several other programs running now. Is it okay to install Love while they are running? Tech Support: What programs are running, ma'am? Customer: Let's see, I have Past Hurt, Low Self-Esteem, Grudge and Resentment running right now. Tech Support: No problem, Love will gradually erase Past Hurt from your current operating system. It may remain in your permanent memory, but it will no longer disrupt other programs. Love will eventually override Low Self-Esteem with a module of its own called High Self-Esteem. However, you have to completely turn off Grudge and Resentment. Those programs prevent Love from being properly installed. Can you turn those off, ma'am? Customer: I don't know how to turn them off. Can you tell me how? Tech Support : With pleasure. Go to your start menu and invoke Forgiveness. Do this as many times as necessary until Grudge and Resentment have been completely erased. Customer: Okay, done! Love has started installing itself. Is that normal? Tech Support: Yes, but remember that you have only the base program. You need to begin

connecting to other Hearts in order to get the upgrades. Customer: Oops! I have an error message already. It says, "Error - Program not run on external components ." What should I do? Tech Support: Don't worry, ma'am. It means that the Love program is set up to run on Internal Hearts, but has not yet been run on your Heart. In non- technical terms, it simply means you have to Love yourself before you can Love others. Customer: So, what should I do? Tech Support: Pull down Self-Acceptance; then click on the following files: Forgive-Yourself; Realize Your Worth; and Acknowledge your Limitations. Customer: Okay, done. Tech Support: Now, copy them to the "My Heart" directory. The system will overwrite any conflicting files and begin patching faulty programming. Also, you need to delete Verbose Self-Criticism from all directories and empty your Recycle Bin to make sure it is completely gone and never comes back. Customer: Got it. Hey! My heart is filling up with new files. Smile is playing on my monitor and Peace and Contentment are copying themselves all over My Heart. Is this normal? Tech Support: Sometimes. For others it takes awhile, but eventually everything gets it at the proper time. So Love is installed and running. One more thing before we hang up. Love is Freeware. Be sure to give it and its various modules to everyone you meet. They will in turn share it with others and return some cool modules back to you. Customer: Thank you, God. -- Author Unknown
