## What Does Cat "Kind" Mean?

In the Bible God tells us that He created the heavens and the earth, and He created animals according to their kinds (GENESIS 1:24-25). We still see these kinds today!

What does cat "kind" mean?

We know that there is a big variety of cats. They probably all came from the original kind of cat that God created on Day 6.

Each kind of animal makes more animals like itself. Cats, such as the tiger, never give birth to dogs.

## The Unchanging God

Have you ever thought about the collapse of time? From the days of the Lord Jesus Christ until about 1830, man could not travel any faster than a horse. In 1960, a man went into space and traveled at a speed of 18,000 miles an hour. Look how far we have come in so short a time! Sometimes when I read the papers, I think we are trying to run the Space Age with horse-and-buggy moral and spiritual equipment. Technology, you see, has no morals; and with no moral restraints man will destroy himself ecologically, militarily, or in some other way. Only God can give a person moral restraints and spiritual strength. While our world is shaking and crumbling, we need to realize that one thing will never change, and that is God. He is the same today as He was ten million years ago, and He will be the same ten million years from today. We are like grasshoppers; we appear and hop around a bit on the earth, and then we are gone.

### Daily Prayer

Almighty God, to know You are unchanging gives me peace in a frighteningly changing world. <http://billygraham.org/devotion/the-unchanging-god/>
