

# Calvary Christian Fellowship Mennonite Church

## Welcome to our Worship Service!

### August 9, 2015

Devotional:----- Robert Schlabach  
 Message:----- Norman Yoder  
 Offering:----- General  
 SS Lesson:----- 2 Timothy 1

**Adult and Youth Verse:** For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind. 2 Tim. 1:7

**Intermediate Verse:** For the grace of God that bringeth salvation hath appeared to all men, Teaching us that, denying ungodliness and worldly lusts, we should live soberly, righteously, and godly, in this present world; Titus 2:11-12

**Junior Verse:** I will therefore that men pray every where, lifting up holy hands, without wrath and doubting. 1 Tim. 2:8

**Primary Verse:** "Use hospitality one to another without grudging." 1 Pet. 4:9

**Preschool Verse:** "Be ye kind one to another" Eph. 4:32

**SS Lesson for next week:** 2 Timothy 2

**Adult and Youth Verse for next week:** Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. 2 Tim. 2:15

### COMETS—EVIDENCE OF A YOUNG UNIVERSE

by Avery Foley on May 11, 2015

The heavens declare the glory of God; and the firmament shows His handiwork. PSALM 19:1

We are told over and over again that the universe is billions of years old, but we know from the Bible that this is not true. The Bible teaches that the universe is only a few thousand years old. Since the Bible is God's Word, we can trust it!

The existence of comets in the solar system is a big problem for those who believe in billions of years, but comets are no problem for those who believe what the Bible says about the age of the Earth. Comets are chunks of ice and dust that orbit around the sun. Each time a comet passes close by the sun, part of the comet evaporates, forming a beautiful tail. Every time they pass by the sun they get smaller and smaller until there is nothing left and they disintegrate. If the solar system were billions of years old, then there shouldn't be any more comets left, but our solar system is full of them! This is a big problem for an old solar system. To solve this problem, some astronomers have imagined that new comets come from the Kuiper Belt or the Oort Cloud out in deep space. But these are imaginative solutions. There is no scientific evidence for the Oort cloud and many scientists doubt the Kuiper belt produces comets. For those who believe the Bible, we do not need to invent a Kuiper belt or Oort cloud. The universe is only a few thousand years old and the comets in the solar system were made by God to "declare the glory of God" and "show His handiwork" (PSALM 19:1). -Kids Answers <https://answersingenesis.org/kids/astromy/comets-evidence-young-universe/>

## Announcements:

- This Evening: Free Evening
- James & Elsie Yoder will be hosting the youth at the school for lunch. There will be singing at Morningside afterward.
- Wednesday Evening: Prayer Meeting 7:30 PM. "4 The King" plans to sing afterwards.

## ~BIRTHDAYS AND ANNIVERSARIES ~

Aug. 12, Happy Birthday! Louise Yoder, 1942

## TIPS ON ENJOYING LIFE

~ Say something positive as early in the day as possible. ~ Believe in miracles, but don't depend on them.

~ Seek respect rather popularity; quality rather than luxury. ~ If your mom says "you'll regret it" you probably will. ~ Be happy with what you have while working on what you want. ~ Celebrate even small victories. ~ When in doubt, smile. ~ Spend time with people who are little bit better than you. ~ Don't write something you don't want others to read. ~ Become the world's most thoughtful friend. ~ Anything worth doing is going to take longer that you think. ~ Accept triumph and defeat with equal grace. ~ It's not your job to get people to like you; it's your job to like people. ~ Stand up for your principles, even if you have to stand alone. ~ If you know you are going to lose, do it with style. Read something no one else is reading;

Think something no one else is thinking; And do something no one else is doing. Work diligently.

Give generously. Pray faithfully. Love deeply. It takes a long time to become the person you want to be.

A farm boy accidentally overturned his wagonload of corn. The farmer who lived nearby heard the noise and rushed right over. "Hey Willis!!" the farmer yelled. "Forget it for now. It's dinnertime. Come eat with us, and then we'll come back and I will help you turn the wagon back up."

"That's mighty nice of you," Willis answered, "but I don't think Pa would like me to." "Aw, come on," the farmer insisted, "you have to eat! We'll get back to the wagon soon." "Well okay," the boy finally agreed, and added, "But Pa won't like it." After a hearty dinner, Willis thanked his host. "I feel a lot better now, but I know Pa is going to be real upset." "Don't be foolish," the neighbor said with a smile. "By the way, where is your Pa?" "Under the wagon." <http://thegoodnewstoday.org/>
