Skunk

The sight of these striped "polecats" strikes fear even in the largest bears. The skunk's distinct black-and-white pattern is a warning: stay away unless you want to be sprayed with a foul-smelling liquid.

Positive Attitude

Published on December 4, 2015 By Doug Boebinger

There once was a woman who woke up one morning, looked in the mirror, and noticed she had only three strands of hair on her head.

'Well,' she said, 'I think I'll braid my hair today?' So she did and she had a wonderful day.

The next day she woke up, looked in the mirror and saw that she had only two strands of hair on her head.

'H-M-M,' she said, 'I think I'll part my hair down the middle today?' So she did and she had a grand day.

The next day she woke up, looked in the mirror and noticed that she had only one strand of hair on her head.

'Well,' she said, 'today I'm going to wear my hair in a pony tail.' So she did and she had a fun, fun day.

The next day she woke up, looked in the mirror and noticed that there wasn't a single strand of hair on her head.

'YEAH!' she exclaimed, 'I don't have to fix my hair today!'

Attitude is everything.

Be kinder than necessary, for everyone you meet is fighting some kind of battle.

Life isn't about waiting for the storm to pass... It's about learning to dance in the rain!!!!
