

Calvary Christian Fellowship Mennonite Church

Welcome to our Worship Service!

June 26, 2016

Devotional:----- Chadwin Nissley
Message:----- Henry Nissley
Offering:----- School
SS Lesson:----- 1 John 4: 1-21

Adult and Youth Verse: Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world. 1 John 4:4

Intermediate Verse: "Wherefore by their fruits ye shall know them. Matthew 7:20

Junior Verse: Finally, be ye all of one mind, having compassion one of another, love as brethren, be pitiful, be courteous: 1 Peter 3:8

Primary Verse: "Teach me thy way O Lord, and lead me in a plain path" Psalm 27:11

Preschool Verse: "Teach me to do thy will" Psalm 143:10

SS Lesson for next week: 1 John 5:1-21

Adult and Youth Verse for next week: For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith. 1 John 5:4

Many of the world's greatest scientists, including the founders of modern astronomy, believed in the Creator God. His Word guided them in their work and discoveries.

PSALM 33:6 By the word of the Lord the heavens were made, and all the host of them by the breath of His mouth.

Scientists first began studying the world around them because they wanted to understand and praise its Creator. Because God shows some of His character through creation, they tried to learn more about Him by studying His creation.

Because they viewed the world through biblical glasses, many creationists made great discoveries and improvements in many different sciences:

Charles Babbage invented a calculating machine.

Michael Faraday invented the electric transformer.

Friedrich Wilhelm Herschel Friedrich Wilhelm Herschel was a Christian astronomer, mathematician, and musician. He discovered the planet Uranus and proved that the sun was not the center of the Milky Way galaxy.

James Joule discovered God's laws of thermodynamics.

Johannes Kepler Johannes Kepler believed in the orderliness of the Creator and knew that the universe would reflect God's orderliness. This truth helped Kepler discover God's laws that govern how the planets move.

Joseph Lister helped keep infections down during surgery.

James Maxwell James Maxwell studied and conducted experiments on magnets and their electric charges. His work made possible things like radios, televisions, and microwaves.

Samuel B. Morse developed Morse code.

Isaac Newton Isaac Newton discovered God's laws of motion because he knew from the Bible that God is always the same. So since God made the Earth and the rest of the universe, God's laws should govern both.

John Ray studied plants and was the first to divide them into different groups.

Nicholas Steno made great progress in the study of geology and fossils. -Kids Answers <https://answersingenesis.org/kids/creation/famous-scientists-believed-in-creator/>

Announcements:

➤ This Evening: Free Evening.

➤ Wednesday Evening: Prison Service (NRU) 5:00 PM. To go: Everett, Mike & James- devotions.

~BIRTHDAYS AND ANNIVERSARIES~

July 2, Happy Birthday! Ervin Yoder, 1942

LESSONS ON LIFE

There was a man who had four sons. He wanted his sons to learn not to judge things too quickly. So he sent them each on a quest, in turn, to go and look at a pear tree that was a great distance away. The first son went in the winter, the second in the spring, the third in summer, and the youngest son in the fall.

When they had all gone and come back, he called them together to describe what they had seen.

The first son said that the tree was ugly, bent, and twisted.

The second son said no it was covered with green buds and full of promise.

The third son disagreed; he said it was laden with blossoms that smelled so sweet and looked so beautiful, it was the most graceful thing he had ever seen.

The last son disagreed with all of them; he said it was ripe and drooping with fruit, full of life and fulfillment.

The man then explained to his sons that they were all right, because they had each seen but only one season in the tree's life. He told them that you cannot judge a tree, or a person, by only one season, and that the essence of who they are and the pleasure, joy, and love that come from that life can only be measured at the end, when all the seasons are up. If you give up when it's winter, you will miss the promise of your spring, the beauty of your summer, fulfillment of your fall.

Moral:

Don't let the pain of one season destroy the joy of all the rest. Don't judge life by one difficult season.

Persevere through the difficult patches and better times are sure to come some time or later.
