What Does Cat "Kind" Mean?

In the Bible God tells us that He created the heavens and the earth, and He created animals according to their kinds (GENESIS 1:24-25). We still see these kinds today!

What does cat "kind" mean?

We know that there is a big variety of cats. They probably all came from the original kind of cat that God created on Day 6.

Each kind of animal makes more animals like itself. Cats, such as the tiger, never give birth to dogs.

Generosity Analogy –

The land of Israel encompasses two major bodies of water. In the north part of the country lays the beautiful Sea of Galilee fed by the Jordan River as it flows from Mount Hermon southward. Teeming with life, this body of water symbolizes the richness of the land. The area supports a very productive fishing industry. All around are fields that produce abundantly from the life giving waters of the Jordan and the Sea of Galilee. As the Jordan leaves the Sea of Galilee, it flows thru productive areas, but within sixty short miles it feeds another body of water known as the Dead Sea. No greenery, no growth, nothing lives in this area. Trees that once grew there are just skeletons of their once stately forms. Salt encrusts everything that touches this water.

What happened to the water in those few short miles? Actually nothing happened to the water. It is the fact that the Dead Sea has no outlet. Whatever flows in

stays there. Whatever it receives, it keeps for itself. We too receive rich gifts from God. If we receive love, we must give love. If we receive financial blessings, we must share our bounty with those less fortunate. If we are blessed, we must share those blessings in return or else the gift dies, and something of ourselves dies with it.

Jesus Said, "Give and it will be given to you... For with the measure you use, it will be measured to you."

It is impossible to out give God. According to the above scripture, the blessings we receive from God are somewhat governed by our generosity and willingness to share what God has given to us. I know a few people who have become like the Dead Sea – and I'm sure you do too. They are not happy.
