CHILDREN'S CORNER

And, this week's trip is to Jupiter! Everybody ready? Here we go!

Jupiter is the biggest planet in our solar system-- a giant ball of gas with no air to breathe. And if you happen to vacation at the Great Red Spot on Jupiter, you might be blown away by a giant windstorm that is always blowing up to 400 miles per hour. That's not where I'd want to spend my summer!

Wow! That was interesting and windy! Next we'll be peeking through a telescope at Saturn. Meanwhile take a look at what Psalm 115:16 has to say about the earth!

Okay, Everyone ready? Gather round and we'll take a quick look at Saturn.

This planet has all the beautiful rings around it. Saturn is made up of gas; so it has no land. It also has no breathable air, just hydrogen and helium. We need oxygen to live. So while Saturn is beautiful to see, we are better off viewing it from a distance through a telescope.

Wow! Saturn is beautiful isn't it? But, I sure wouldn't want to live there. I'm glad that God created the earth just right for us to live on.

Next week we'll checking out a really cold planet. Yep, even colder than your Popsicle! SO cold that we'll need to watch out that we don't turn into cold stone! Can you guess where?

The Preacher and the Song Leader Conflict!

There was a church where the preacher and the song leader were not getting along. This began to spill over into the worship service. One week the preacher preached on commitment, and how we should dedicate ourselves to service The song leader then led the song, "I Shall Not Be Moved."

The next Sunday, the preacher preached on giving and how we should gladly give to the work of the Lord. The song leader then led the song, "Jesus Paid It All."

The next Sunday, the preacher preached on gossiping and how we should watch our tongues. The song leader then led the song, "I Love To Tell The Story."

The preacher became very disgusted over the situation, and the next Sunday he told the congregation he was considering resigning. The song leader then led the song, "Oh, Why Not Tonight."

As it came to pass, the preacher resigned and the next week informed the church that it was Jesus that led him there and it was Jesus that was taking him away. The song leader then led the song, "What A Friend We Have in Jesus."

The above may seem humorous on the surface, but jealousy is real at times and always destructive. I've heard of people being jealous of the ability, position, and or privilege of other Christians! May it never be among us!

Preaching the gospel of Christ is an important factor in saving souls (1 Cor. 1:21). Let us always remember that! - via David Riggs.
